STEP 1 The Checklist: Do I have the right equipment, software and login details?

- I plan to read or listen on an Android, Apple or Kindle Fire device.
- I am not using a Kindle Paperwhite or E Ink.
- I am not using a desktop PC or laptop.
- My device has access to the Internet via wi-fi, 3G or 4G.
- I am a member of the Shetland Library. And my account has not expired.
- I know my library Borrower number and PIN.

If you have ticked all of these boxes, then you are ready for step 2.

NOTE: If you are using a PC, iMac or laptop, you can still use all of these services, but there is no all-in-one app. You will need to install two separate applications. You can use these instructions to register, and to download the application for eAudio and eBooks, but please ask us for help if you also wish to access eMagazines.

STEP 2 Get ready! Registering, and downloading the app.

Currently (09/2017) registration cannot be done within the rbdigital app. You must register online before downloading the app. We expect this to change to an 'in app' registration process in early 2018.

Registration:

- Go to: <http://shetland.oneclickdigital.eu/>
- Click 'Register' and fill in the details.
- You will be asked to create a Username and Password for the site.

Once complete, you will be automatically re-directed to the Rbdigital help page
